

Welcome to Vordingborg Port

What you need to know

Take care of the environment

We contribute to reach several of the UN sustainable development goals.

Respect our neighbors

Vordingborg Port is situated close to a residential area. Therefore:

Avoid engine noise

Avoid unnecessary lighting

Avoid noisy activities at night time

Waste disposal system

- Use our waste disposal system.
- Inform the port of the amount and type of waste that the vessel is carrying on board when berthing.
- Let us know about the type of waste you plan to leave at the port.

ISPS

Vordingborg Port is an ISPS port.

- Access to the port is controlled by fencing, camera surveillance and port system.
- ID card is mandatory
